

**COD: I-CASE MP-P4HX-BLK2**  
**BARCODE: 8057685305519**

The basic characteristics	the type and thickness of steel	1MM,high-strength structural steel SGCC
	Case Size	W430mm×H178mm×D450mm
	Package size	585mm×545mm×240mm
	Weight	NW: 10.8KG, GW:11.8KG
Support the type of motherboard	specifications	THE ATX MOTHERBOARD SIZE :12"×9.6" OR SMALLER THAN THIS

The front panel	control lights Key	power on / off system restart
	Indicators	Power LED HDD status LED network status LED × 2
	I/O device	interface USB2.0 × 2
	Dust "	" on the front panel is equipped with dust filters to ensure that the chassis dust ; Dust with lock protection and control components . "
The number of hard disk drive	tray rack	internal 3.5": 1, drive bays : 9
	Drive rack built	5.25", CD-ROM: 2(can be converted )
rear window	Rear window	standard expansion slots,removable
	Expansion slot opening	7
Cooling system	Fan	2* 8 * 8 CM high- speed fan; 1* 12 * 12 high-speed fan
Front panel cover	High-density mesh front door	optional
	Dust	on the front panel is equipped with dust filters to ensure that the chassis dust ; Dust with lock protection and control components .
Supports standard		ATX power supply
Rail assembly		metal rails ( optional )
Professional shockproof system		Professional shockproof system designed to drive damping technology ; prevent vibrati on shock pressure of the card
