Step 2

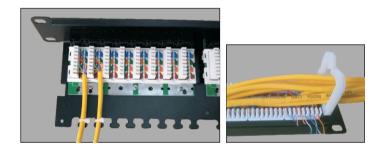

Using the IDC color-coding reference (see previous page), position each T568A or T568B wire, then connect each wire to the patch panel using punch-down tool as shown below.

Step 3

5

Place each cable in its associated holder (as shown below) to keep them neatly organized. then place/position the patch panel as desired.

Specifcations

Standards

- IEEE 802.3 (10Base-T Ethernet)
- IEEE 802.3u (100Base-TX Fast Ethernet)
- IEEE 802.3ab (1000Base-T Gigabit Ethernet)

Certifcations

RoHS compliant

Environmental

• Operating temperature: -40 - 68°C

Package Contents Patch Panel

- 4 mounting screws
- Quick start guide
- Nylon cable tie
