# Network Rack
# 10" Series

## for home and small office installation

# The suitable solution for small networks

Techly professional 10" Cabinets are the result of an innovative project that meet the needs for cabling of small data networks.

**Practically and cost-effectiveness:** Linear design guaranteeing excellent quality/price ratio. Provided with one frontal pair of rails easily adjustable, to meet the needs of installers.

**Quick assembly:** preassembled, easy to install, ready to use.

**Safety:** equipped with key lock on the door.

**Robustness:** solid welded cold rolled steel ensures a static loading up to 30 kg.

**Versatility:** a pair of front 10" rails with 1.5 mm thickness, adjustable in depth; reversible tempered glass door with lock and with opening angle greater than 230°. Cable entry facilities with pre-cut profiles. One ventilation kit with 120 mm fan may be installed on the top cover of the cabinet.
**Accessories:** a wide range of accessories to meet the needs of designers and installers.

## Features:

**Single section wall mounted cabinet 10" for small data networks**
