# Smart ring and stand for Smartphone

Features:

- ▶ Smart ring and stand for smartphone
- ▶ Easy to mount and dismount
- ▶ It's equipped with slots for storing the eject pin and the SIM card
- ▶ It has to be positioned on the back of the smartphone allowing you to hold it comfortably in the hand
- ▶ It can be used to place the device on a plane surface, for example to watch videos or read, keeping your hands free
- ▶ The position is easily adjustable thanks to the rotation in two directions: 360° on itself and 180° relative to its axis

Package contents:

- ▶ Smart ring and stand for Smartphone x 1
